

Connaught Skating Club

# Junior Academy Program

**Spring 2017 Session**  
Mar 27—Jun 9, 2017

# What is Junior Academy?

Junior Academy is the next stage of development after Canskate, for skaters 5 years to 8 years old who demonstrate enhanced ability & potential to pursue competitive skating. This 2 day per week program, taught by Connaught's exceptional Skate Canada certified coaches, introduces skaters to the foundations of figure skating through two 45 minute on ice group classes and two 30 minute Dryland classes. Girls are expected to wear a skating dress or skirt, with hair tied back or in a bun. Boys are expected to wear form fitting pants. Skaters are encouraged to supplement this program with private lessons.

Classes are structured to provide skaters with enhanced coaching, & the skills for learning to train and practice appropriately for the sport. Valuable information on skate care, equipment requirements, off and on ice warm-up drills and various educational materials that provide a fun and exciting way to learn about the specifics of figure skating are included.

Participation within the program is by invitation only, with auditions and assessments conducted in the Spring and Fall. Skaters previously registered in Jr. Academy and those skaters auditioned in the Fall will be given priority towards registration. For more information on auditions and assessments, please contact the club.

Connaught SC offers 4 sessions of Junior Academy per year: Fall, Winter, Spring and Summer.

Connaught Skating Club is a proud member club of Skate Canada and is grateful for the financial assistance provided by the Province of British Columbia.
