

Connaught Skating Club  
BuyOn Policy, Procedures and Pricing Rev Apr 2019

1. Skaters must be registered with a Skate Canada club in order to access "Buyons". Club registrations must include a current Skate Canada membership. These memberships are valid from Sept 1-August 31.
2. Any individual skating on a session for which they are NOT REGISTERED must pay the appropriate BuyOn fee, regardless of whether their coach told them to stay on/go on/do choreography, etc. , or they intend to register at a later date. There are NO "make up" or "substitutions" for sessions missed. You may not switch one registered session for another.
3. Buyons cannot be used as an interim measure prior to registration. There are no credits or refunds for Buyons towards a full session payment.
4. Buyons permitted only if maximum number of skaters are not on the ice. Open 25; Bronze 30; Bronze/Silver 25; Silver 20; Silver/Gold 30; Gold 20; Gold/Diamond 20; Diamond AB 20; Diamond/TF 16; TF 16, Competitive Day ice 10. You may not buy onto FULL sessions unless there are absences lowering the number of skaters on the ice to below the session limit. There is a 10 minute waiting period before Buyons are permitted on fully registered sessions that have absences lowering the session limit.
5. Fees vary depending on type of session, and are listed below and posted on Uplifter, the Roller board and on the club website.
6. **No partial session purchase.** Buy-on rate must be paid for entire session, regardless of time actually skated. The one exception to this rule is if a skater is receiving choreography instruction on a session where the freeskate price is combined with a group session; as choreography instruction is prohibited on the group part, the skater should then be allowed to have flexibility for a partial session buyon as they must leave the ice during the group session.
7. Session requirements apply to all Buyons.
8. Buyon payments may only be made online. **No cash or cheques accepted.** There is no longer a "buyon box" at the rink. This change is to increase security and decrease time associated with handling cash and cheques.
9. Buyon procedures are:
  - a. Prior to skating, determine fee from <https://connaughtsc.uplifterinc.com/registration/products/> or the Buyon Rates chart posted on the Roller board, the bottom of this document, and club website. select the appropriate fee for the session.
  - b. You must pay the appropriate fee for your Buyon session online at: <https://connaughtsc.uplifterinc.com/registration/products/> . Various sessions are available for purchase , in the **Purchase Other Products** section. Select appropriate Buyon Session fee.
  - c. **Important:** Note your skater's name and specific session in the "Comments" section of the invoice just prior to check out.
  - d. Forward your online receipt showing payment to the Connaught Registrar (connaughtregistrar@hotmail.com).

10. While Buyon fees are due prior to skating, we will allow a 48 hour grace period to allow skaters/parents to pay their Buyons to allow time for people to complete the process, especially in the case of unplanned Buyons. After 48 hours, the fee will be for DOUBLE the BuyOn amount. This can be paid by online purchasing 2 Buyons for the same amount, or by payment of the club generated invoice to skaters/parents for an outstanding BuyOn payment. Failure to complete the procedure for online payment described in 9. will be treated as non-payment. Non-payment of these overdue amounts will give us no choice but to implement a registration block on a skater's ability to register for Connaught Sessions/Simulations/Seminars (until the account is settled).

11. Please note that the club is taking attendance at almost all sessions, and we maintain daily reports of who is skating. It takes a lot of effort from the volunteers of the club to ensure fairness to all with regards to paying for their ice time via Buyons, so please do your part by following the procedures.

We appreciate your cooperation with the above procedures. Please direct any questions to [info@connaughtsc.ca](mailto:info@connaughtsc.ca).
